Summary:

QuadriSpace Share3D PDF is an entry-level software product for creating interactive 3D PDF files from existing 3D models. The program allows you to import 3D; create a series of memorized views, called illustrations; select a template and then publish to PDF. This results in an easy to share PDF document that only requires that the recipient of your PDF have Adobe Reader 9 or greater installed; but still maintains interactive 3D capabilities. Share3D PDF includes over 50 professional templates and dozens of themes making it easy to get started with 3D PDF publishing!
